# CLASSES OF AMSOIL CHAMPIONSHIP OFF-ROAD

## PRO4

Hand-built, full-size, four-wheel drive pickup truck - the premier truck of off-road racing. Manufacturer body styles and engines must be from the same manufacturer; 8 cylinders, up to 900HP.

## PRO2

Custom-built, full-size, two-wheel drive pickup truck. The vehicle must be a standard manufacturer production model available to the general public in the U.S., produced in a minimum quantity of 5,000; 8 cylinders, 750-900HP.

## PRO LITE SPONSORED BY CLEAN COMBAT

Light-duty, custom-built, two-wheel drive pickup truck. The vehicle must be a standard manufacturer production model available to the general public in the U.S., produced in a minimum quantity of 5,000; 8 cylinders, 450-500HP.

## PRO SPEC

AMSOIL Championship Off-Road's newest Pro Truck class. Light-duty, custom built two-wheel drive pickup trucks that utilize a Chevrolet Performance V6 aluminum engine and a G-Force four-speed manual transmission.

## SUPER STOCK TRUCK SPONSORED BY PIRTEK

Two-wheel drive pickup with a 3/4-ton or smaller chassis. Three engine choices are available, and the engine must remain stock, but allowed reinforcing. Trucks less than 3/4-ton must weigh at least 3,500 pounds.

## STOCK TRUCK

Two-wheel drive pickup with a 3/4-ton or smaller chassis. Three engine choices are available, and the engine must remain stock, but allowed reinforcing. Trucks less than 3/4-ton must weigh at least 3,500 pounds.

## PRO SxS SPONSORED BY AMSOIL

Side-by-sides must utilize a stock chassis and stock appearance. Aftermarket roll cage required with engine modifications allowed. Supercharger and turbocharger both permitted.

## PRO STOCK SxS SPONSORED BY WILWOOD

Side-by-sides must utilize a stock chassis and stock appearance. Aftermarket roll cage required. Stock engine not to exceed 1000cc. Supercharger and turbocharger are not permitted.

## PRO AM TURBO SxS SPONSORED BY UTV RACE SHOP

1000cc forced induction vehicles must be a standard manufacturer production model currently available to the general public in the USA. Vehicle style must have a manufacturer production volume of at least 1000 units. Intermediate step between Pro AM SxS and Pro SxS classes.

## PRO AM SxS SPONSORED BY SPEEDWERX

Designed to bridge the gap between Sportsman SxS and Pro Stock SxS. Vehicles are production based 1000cc SxS that must use stock chassis and maintain stock appearance. Aftermarket roll cage and other safety modifications required, and some performance modifications are allowed.

# AMSOIL CHAMPIONSHIP OFF-ROAD

## 170 SxS SPONSORED BY CLEAN COMBAT

Stock production-based Polaris RZR 170 driven by racers ages 6-12. 170cc engine OEM engine must be used with no modifications.

## 200 SxS

Stock production-based Polaris RZR 200 SxS driven by racers ages 6-12. 200cc OEM engine must be used with no modifications.

## YOUTH SxS SPONSORED BY SHOPFORDRACING.COM

This SxS class allows young racers to learn race procedures and grow driver skills before moving into Sportsman class competition. These vehicles are a production-based, 1000cc naturally aspirated class, utilizing the RZR 1000 or RS1 platform that is a minimum one-year-old machine. This class is not intended for purpose-built race cars.

## 570 SxS

Stock Polaris RZR 570 SxS driven by children ages 12-16. 570cc OEM engine must be used with no modifications.

## SPORTSMAN SxS SPONSORED BY RACE DRIVEN

These vehicles are production-based, 1000cc, single-seat side-by-side featuring enhanced safety and performance modifications.

## PRO BUGGY

A single seat limited, four-wheel vehicle utilizing many different engine combinations with unlimited suspension chassis designs. Engines are limited to 1650-1915cc; 200HP.

## 1600 SINGLE BUGGY

A limited four-wheeled vehicle, using a Volkswagen Type 1, 1600cc air-cooled engine.

## 1600 LIGHT BUGGY

A single seat limited, four-wheel car using Volkswagen type 1 stock components with a 1585cc engine; 55HP.

## MOD KART SPONSORED BY HOLTGER BROS.

Four-wheel race vehicle powered by a 400cc Honda quad engine. Built for drivers ages 11-16. With driver, the vehicle must weigh 850 pounds, and will reach speeds above 65mph.

## SHORT COURSE KART

100% spec mini race truck with Briggs and Stratton spec engine. Driven by youth racers ranging in age from 7 to 15 years old.

# ANTIGO OFF-ROAD NATIONAL RACER SPOTLIGHT

## NICK VISSER

Nick Visser, driver of the #80 Pro Spec truck, lives just down the road in Summit Lake, Wisconsin. Nick is an exemplary product of the Sportsman classes, with success in 1600 Light Buggy, Stock Truck, and Super Stock Truck prior to his move to Pro Spec. The success has continued for Visser in the Pro ranks, having accumulated several wins since joining the category in 2022. With a brand new chassis built by Dustin Pence at his disposal, Visser aims to boast even more success in the 2026 season.

## MIKE FILLION

Mike Fillion drives the #886 Super Stock Truck and is from right here in Antigo, Wisconsin. Fillion's truck is a fan favorite and perhaps the most recognizable in all of Champ Off-Road, with its classic vintage 1950s Ford body. The truck was previously owned by the Keehner brothers before Fillion began campaigning the truck in 2022. Always a contender for a Top 10 in the highly competitive Super Stock Truck class, Fillion's best finish of 2025 was a 6th place at the June Crandon event.

## RACE VISSER

Race Visser, the son of Pro Spec driver Nick, drives the #280 Mod Kart and also calls Summit Lake, Wisconsin his home. Visser was one of the youngest competitors in the history of the sport when he made his Short Course Kart debut in 2019, and was already winning races two years later, picking up his first career win right here at his home track in 2021. Another two years later, Visser became a champion for the first time, winning the 2023 Short Course Kart title. Now a multi-time race winner in Mod Karts, Visser will be chasing his first championship in the class in 2026.

## TONY KEEPERS

Tony Keepers is the driver of the #52 Pro Buggy and lives just north of Crandon in Argonne, Wisconsin. Having competed in every Champ Off-Road buggy category, Keepers started his career with several seasons and multiple wins in the 1600 Light Buggy division. After purchasing a chassis from Mark Steinhardt, considered by many to be the greatest buggy racer of all time, Keepers became a perennial contender in the 1600 Single Buggy class, where he accumulated many victories and a championship. Following a brief stint in a Pro Spec truck, Keepers moved into a Pro Buggy in 2024 and has already compiled multiple podium finishes and will be seeking his first win in the class in 2026.

## JAKE SCHILLEMAN

Jake Schilleman is from Rhinelander, Wisconsin and drives both the #116 1600 Light Buggy and #316 1600 Single Buggy. Always a consistent performer over the last handful of years, Schilleman has finished each of the last two seasons as the runner up in the points standings in the ultra-competitive Light Buggy division. He hopes 2026 is the season he finally breaks through to win the Light Buggy championship and build on the sporadic solid runs he's had through the last few years in the Single Buggy class.

## DREW GERBER

Among the most promising young talents in Champ Off-Road is Crandon's own Drew Gerber. Gerber made his debut in the 170 SxS class in 2024 and quickly turned heads by winning Yokohama Hard Charger honors early in his first season. He stormed out of the gates in 2025 with a weekend sweep at Wheatland and closed the season with a Top-5 points finish. Gerber's advancement through the ranks continues in 2026 with a move to the Mod Kart category, where he aims to have the same early success he had in 170 SxS competition.

# ERX OFF-ROAD NATIONAL RACER SPOTLIGHT

## AVERY HEMMER

One of the brightest rising stars in Champ Off-Road, as well as AMSOIL Championship Snocross, is Nowthen, Minnesota's Avery Hemmer. Currently competing in the Pro Spec class, Hemmer was a dominant champion in the Mod Kart class, a division that has produced countless championship drivers in the Pro divisions. A Pro Spec victory at Antigo last season made Hemmer the youngest female driver to win a Pro class short course race, and just the second female to win in a Pro Truck division.

## LUCAS HOULE

Lucas Houle is the driver of the #28 Pro-Am SxS and is from Forest Lake, Minnesota. Houle spent a handful of seasons in the Sportsman SxS class before winning several races and becoming a consistent podium contender. He'd move into the Pro-Am SxS class for the 2024 season, but the first season in the new class was riddled with growing pains. Houle was able to turn the luck around in 2025 however, coming up just short of the Pro-Am championship. Now entering his third season in the class, 2026 is sure to be another big year for Houle.

## DALLAS CARLSON

The oldest son of multi-time short course winner Andrew Carlson, Dallas Carlson pilots the #51 200 SxS. A native of right here in Elk River, Carlson made his debut at Fall Crandon in 2024 and earned the Yokohama Hard Charger Award in his very first race. Carlson ran his first full season in 2025 and showed speed in every race all season, earning himself a 2nd place points finish in his rookie year, just 36 points shy of the championship.

## Z10

**THE ALL-NEW Z10. FULLY EQUIPPED. STARTING AT \$19,999.**

The desert never plays fair. The sand shifts. The wind lies. The sun stalks you from down to done. So the Z10 was built for the places that punish hesitation and reward only the riders who keep their foot in it. A turbocharged 998cc triple. FOX QSE shocks tuned for the brutal honesty of American terrain. Reinforced steel. A cockpit wired to instinct—because thinking is one second too slow. Is it overkill? Absolutely. You see, fairness isn't something you ask for out here—it's something you bring with you.

**CFMOTO**<sup>®</sup>  
MORE COMES STANDARD

WARNING: CFMOTO recreational vehicles are intended for off-road use only, and can be hazardous to operate. Read Owner's Manual and all product labels before operating. Never operate on paved roads. Operators and passengers must wear a helmet, eye protection and protective clothing. Operators must be at least 16 years old with a valid driver's license. Passengers, if permitted, must be at least 12 years old. Always use seat belts, cab netting and doors (if equipped). Never operate under the influence of alcohol or drugs. Avoid excessive speed and sharp turns, and never engage in stunt driving. Check state and local laws before operating on trails. Take a safety training course before operating. ## JOHNNY HOLTGER

From nearby Abrams, Wisconsin, Johnny Holtger is the defending PRO-LITE champion and driver of the #44 PRO2. Holtger is one of the success stories of the Youth class ladder system, having started his career in Short Course Karts before having success in Mod Kart and SxS competition before becoming a two-time PRO-LITE champion. Holtger is also one of only four drivers to win in their PRO2 debut, and he has multiple PRO4 podiums in his career as well. Bringing a brand new PRO2 to the mix in 2026, Holtger hopes to add a PRO2 championship to his résumé.

## NICK BYNG

One of the most decorated Sportsman drivers in history, Nick Byng drives the #833 Super Stock Truck and calls Abrams, Wisconsin home. A perennial fan favorite for his “go big or go home” driving style in his black and bright orange truck, Byng is a multiple time Super Stock Truck class champion, including winning the championship just last season. Amongst his many other accomplishments, Byng also won the first ever Stock Truck vs. Super Stock Truck Shootout race right here at Dirt City last season.

## ELLAH HOLTGER

The most decorated Youth racer in Champ Off-Road history, Ellah Holtger currently competes in the #240 Mod Kart and is from right here in Lena, Wisconsin. Holtger has carried on a family tradition of winning from the first time she held a steering wheel, with championships in both 170 SxS and 570 SxS as well as many Short Course Kart victories to her name. After recording multiple podium finishes in 2025, Holtger will be hunting her first Mod Kart win in 2026.

## BENJAMIN HEITING

A rookie this season in the Pro Stock SxS division, Ben Heiting comes from right here in Bark River, Michigan. Heiting began his career in the Youth classes and worked through the ranks into the full-size SxS divisions, where his raw speed became most prevalent. A winner in each of Sportsman SxS, Pro-Am SxS, and Pro-Am Turbo SxS, Heiting is sure to turn some heads in his first year in the Pro ranks in 2026.

## AIDEN WANDAHSEGA

Aiden Wandahsega, from here in Bark River, is the driver of the #197 1600 Light Buggy. Off-road racing is in Aiden's blood, following in the footsteps of his father Ben who was a champion in the now-defunct Super Truck class as well as a formidable competitor in PRO2. Aiden was a natural from the word go, proving so with a Short Course Kart championship in 2019. In recent years Wandahsega's speed and consistency in the Light Buggy have been rapidly increasing, and he figures to be a podium contender each round in 2026.

## JERSEY KLEIKAMP

From just down the road in Wilson, Michigan, Jersey Kleikamp was the 2025 170 SxS series champion. A second generation driver, Jersey's father Jaime was a top contender in both Sportsman truck and buggy classes throughout his career. Jersey made a big statement early in her 170 SxS career, winning multiple Yokohama Hard Charger Awards before even becoming a full time driver. Once she went full time in 2025, she was a consistent presence on the podium, resulting in her first championship.

# POLARIS WORLD CHAMPIONSHIPS RACER SPOTLIGHT

## KEEGAN KINCAID

Keegan Kincaid, from just north of Crandon, drives the #4 PRO2 truck and is one of the greatest short course off-road drivers of all time. The son of 7-Time PRO-LITE champion Jeff Kincaid, Keegan's accomplishments entering the 2026 season include more than 50 career wins, a PRO-LITE championship, three PRO2 championships, three Potawatomi Cup wins, and three Crandon World Cup wins. Beyond the racetrack Keegan is an active member of the community in Forest County including being a coach for many Crandon sports teams over the years, most notably leading the Crandon girls varsity basketball team to multiple state championship tournament appearances as head coach.

## BRODY DUESCHER

Brody Duescher is from Lakewood, Wisconsin and drives the #9 in the Sportsman SxS division. 2025 was a breakout year for the young driver after spending a handful of seasons in the class, as he found the podium for the first time in his career in the opening weekend at Wheatland. He followed it up with his first career win in the next round at Antigo before enduring some bad luck in the second half of the season, finishing 8th in points. Duescher figures to take another step forward this season and be a podium contender every round.

## PENCE BROS.

From nearby Argonne, Wisconsin, the Pence Bros. (Chase, Finny, and Gavin) all compete in the Youth ranks of Champ Off-Road in SxS classes. The next generation of one of short course's most notable families, their grandfather Kevin was regarded as one of the best fabricators in the history of the sport, and their father Dustin has built trucks for winning drivers like Cole Mamer and Nick Visser. Chase, Finny, and Gavin have already displayed success on track in their short racing careers, and will undoubtedly continue to build on their already impressive family legacy.

# **GLEN HELEN OFF-ROAD NATIONAL**

**OCT. 2-3, 2026**  
**GLEN HELEN RACEWAY**  
**SAN BERNARDINO, CA**

# GLEN HELEN OFF-ROAD NATIONAL RACER SPOTLIGHT

## RICKY GUTIERREZ

Garden Grove, California brings us the driver of the #78 PRO2, Ricky Gutierrez. One of the most exciting drivers in short course, Gutierrez is also one of the most notable graduates of the Youth divisions of off-road. This came with a twist however, as Gutierrez jumped straight into a PRO2 from the Mod Kart class, a leap which was practically unheard of. It proved successful though, as Gutierrez was recording PRO2 podium finishes before the age of 18 and began winning races shortly after. Now a threat to win every weekend, Gutierrez proved his strength here at Glen Helen last season by sweeping the season finale weekend.

## INSIDE OFF-ROAD: THE SAFETY TEAM

Perhaps the most important part of the on-track action Champ Off-Road has to offer is the safety team. The drivers are the stars when the speeds are high and the air is big, but when it all goes wrong the safety team gets their chance to shine.

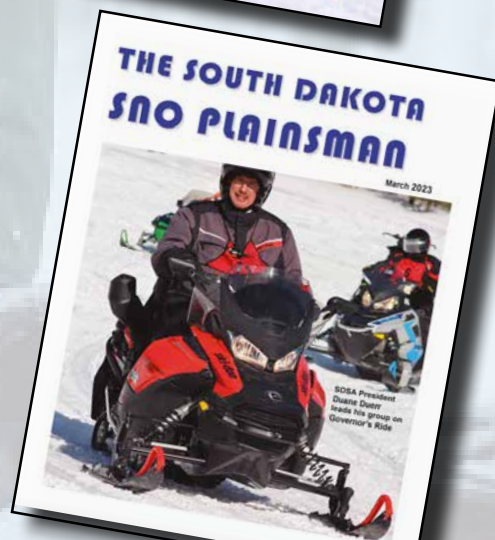

Each member of the highly trained team has roots in Crandon, Wisconsin, which means they have all spent most of their lives in and around off-road racing. Several members of the team are also current or former first responders and all are first aid/CPR certified. Each safety vehicle has two team members aboard; one to drive the vehicle and one to handle the tow strap/hook, fire extinguishers, or anything else that may be required to clear an accident scene. This allows the safety vehicle to clear incidents as quickly and efficiently as possible, minimizing the amount of time the team spends on the race course and allowing the race to continue without a full-course caution situation.

Short course off-road racing is the only four-wheeled motorsport that is able to continue racing utilizing only "local" yellow flags with safety personnel physically on the racetrack, and that wouldn't be possible without the unique skillset of the Champ Off-Road Safety Team.

# FUN HAS A FREQUENCY

## COMPLETE UTV KITS

Comms for any vehicle, any environment

Off-roading destroys average equipment, which is why our UTV comms are engineered to take a beating. Make any ride better by blocking wind, killing engine noise, and keeping your crew connected no matter how punishing the terrain gets. If your tires touch the dirt, we have a complete, plug-and-play system built specifically for your vehicle.

POLARIS  
**RZR**

**RULE THE ROCK.  
OWN THE TRAIL.**

RZR XP

FANG LIGHTS ARE BACK

RZR XP S

AGGRESSIVE 72" STANCE

Meet the reimagined 2026 RZR XP and the all-new RZR XP S—built to take on whatever terrain you prefer to feast on. Visit your local Polaris dealer to experience the best in off-road performance.
